

# Creating Basic Forms

1. Open the Badminton Database that you created previously.
2. Create a Columnar Autoform based upon the Members table.
3. Add 2 more records to the form:

<b>Membership No</b>	<b>Surname</b>	<b>Firstname</b>	<b>Male</b>	<b>Joining Date</b>	<b>Age</b>
15	Taylor	Susan	No	27/3/05	29
16	Manning	Geoff	Yes	5/4/05	50

4. Save the form as Members Autoform and close the form.
5. Create another form using the Wizard option to include all fields except the Age field.
6. Save the form as Wizard Members Form.
